+ October 2018 Meeting Recap

Community Involvement: Due to circumstances beyond our control, our Joplin Health Fair event has been postponed until a later date. We have finalized details for a Health Fair in Pittsburg, Kansas set for November 13th. See PAGE 3 for additional details.

Active Networking: Welcome new members. Remember to see sign in sheets and contact information for all meeting attendees on PRIVATE Facebook Group (Healthcare Resource Connection Members) posted after each meeting. You may also request this list via email HealthcareResourceConnection@gmail.com

Resource Directory: Thank you everyone that has helped collect brochures and business information for our directory. Additional thanks to those that helped during our "Workshop" in Miami and Pittsburg. See PAGE 4 for details regarding the workshop.

Hospital Collaboration: Surveys currently out, to be discussed at next meeting in Missouri.

Mission Statement

It is the mission of H.R.C. to effectively make a difference in the Healthcare community. Together we seek to increase community involvement, actively network within membered service areas, develop resourceful knowledge within the healthcare industry and effectively collaborate through efforts with local hospitals and surrounding service providers. Through these efforts, we will grow a stronger healthcare community, reduce hospital readmissions and develop programs and services that increase quality of life.

Finding Solutions For Those In Need

Questions?

Email HealthcareResourceConnection@gmail.com

Hospital Communication Update—Survey Review

Survey's we recently sent to hospital personnel on October 22nd. We also expanded this quarters survey to all social service personnel within our database. This includes Home Health, Hospice, Hospitals, Communities, Etc.

We will be reviewing these survey's at our upcoming November and December meetings. As a group, we would like to collect feedback regarding these concerns from all of our member and meeting attendees. Thus far, we have several concerns with medication compliance due to inability to pay/lack of insurance. Please help us collect resources for this specific issue. Also, a recurring concern is placement for dementia patients with sexual behaviors. Please be thinking of possible communities that will assess individuals with this diagnosis.

H.R.C. Resource Directory ***New Information for Members

Each month, the HRC Action Council will announce a category for research. We are asking for all members to participate in researching and aiding HRC in finding resources pertaining to the category listed that month.

Resources can be emailed to healthcareresourceconnection@gmail.com or brought to meetings. We ask that each member submit at least 3 resources each month. Information needed: Organization/business, address, phone, contact/website information, description of services, requirements for services.

Simply writing this information in an email or on paper is fine, bringing brochures to meeting is great also! Please attach business cards to any resources turned in at meetings so we can track membership participation. We ask that all members assist in this effort as part of your annual membership.

Membership Requirements:

- \$10 Annual Due
- Participation/Support of at least one community event
- Attendance at 3 meetings per year
- Assistance developing the resource directory

Membership Perks

- Membership listing in the annual directory
- Copy of the annual resource directory
- Invites to HRC Signature Events
- Networking Opportunities
- Facebook and Newsletter Highlights

H.R.C. Four Part Mission

Community Involvement

Each state will devote efforts to at least one community project during the calendar year.

Active Networking

Members are encouraged to attend meetings in the states they provide services to. Members are expected to work collaboratively and share ideas, without regards to competition, to develop specialized programs to the concerns of local hospitals.

Resource of Knowledge

It is important that we understand the services available in our communities. We want to be seen as a resource in the world of health care.

Hospital Collaboration

Each state will have a working relationship with all local hospitals. Each month, a state liaison will communicate top priority concerns for local hospitals.

Resource Directory Workshop

Not sure what a directory workshop is? Throughout October, November and December, We have been taking of portion of the monthly meeting and holding "workshop time" to help grow our directory.

During "workshop time" we have been deciding proper placement for all of the information we have collected over the 2018 year.

Remember, we want our directory our by January of 2019. That means we need to begin isolating accurate information and placing it in the proper categories now.

We appreciate everyone's assistance in collecting and placing this information.

If you are willing to help with directory development outside of meetings please contact the action council at

HealthcareResourceConnection@gmail.com
